About the Verilog: This is HDL (Hardware Description Language) used to model the electronic circuits and systems. It is most commonly used in the design and verification of digital circuits at the register-transfer level of the abstractions. It is most demanding course in electronics industry.

About the Experts: This course will be taught by Academia and Industry experts.

Course Timing: Course will run daily in evening 6:00pm onwards by which college students and industry professionals can attend easily. Course will cover theory with practical.

Advanced Course with Placement: Advanced course will also be offered after this course and interested can opt and register, who wish to make their carrier in VLSI Design/Chip Design and verifications.

Contact us: For any help and clarification try to contact via mail : isve.ranchi@gmail.com
