

ABOUT DEPARTMENT

The department of Electronics is established in 1983 since the inception of the institute. The department was NBA accredited in 2003. Most of the faculty are PhD. The laboratories are well equipped with the state of the art devices. The department is life time member of Indian Society for VLSI Education. The department is also member of professional societies like ISTE and IETE.

ABOUT ISVE

Indian Society for VLSI Education (ISVE) is registered (Act21, 1860) non profitable society dedicated to serve the nation. It makes a bridge between industry and academia for organizing the workshops, summer/winter schools, short term courses, conferences, symposiums and seminars by which students, research scholars, faculties and scientists come together, work together and share their knowledge in recent development in engineering, science & technology.

ABOUT INSTITUTE

Established in 1983, our esteemed institute stands as a testament to three decades of unwavering commitment to education and excellence. Nestled in the serene semi-urban landscape of Dhule city, our institution proudly serves as a cornerstone of academic prowess and innovation. Over the years, we've cultivated a rich legacy of imparting knowledge and honing the skills of aspiring engineers through a diverse array of successful engineering courses.

Our commitment to academic rigor and holistic development is evident in our state-of-the-art facilities, dedicated faculty, and a curriculum meticulously designed to meet the dynamic demands of the industry. With a focus on fostering an environment that encourages curiosity, critical thinking, and practical application, we strive to empower our students to become not just engineers, but visionaries who shape the future.

Our strong industry connections, coupled with hands-on experiential learning opportunities, ensure that our graduates are equipped with the skills and knowledge to thrive in a rapidly evolving technological landscape. At our institute, we take pride in nurturing talent, fostering innovation, and preparing future leaders who will make a lasting impact in the world of engineering.
